About Refugees International

Refugees International is a global advocacy organization dedicated to creating a more welcoming world for people seeking refuge. Our experts work with partners around the world to investigate the challenges displaced people face, develop policy solutions, mobilize action, and hold the powerful to account. To ensure the independence and credibility of our work, Refugees International does not accept government or UN funding. Our critical role helps us advance accountability and allows us to speak freely when others sometimes cannot.

Refugees International was started in 1979 as a citizens' movement to defend the rights of people fleeing Vietnam, Cambodia, and Laos. Since then, we have expanded to become a globally focused organization, advocating wherever rights and refuge are at risk.
